- A wealth of online apps, videos to rent and catch-up TV
- Control the TV with your smart phone, tablet or keyboard
- With DLNA, enjoy photos, music and movies on your TV
- Find, schedule, record & pause TV

PHILIPS

sense and simplicity

Highlights

Ambilight Spectra XL

Expand your viewing experience with Ambilight Spectra XL. This patented Philips technology enlarges the screen more than ever before by projecting a glow of light from the back of the TV screen onto the surrounding wall. Ambilight automatically adjusts the color and brightness of the light to match the TV picture. Thanks to the wall-adaptive function, the color of the light is perfect, regardless of your wall color.

3D Max

Be enthralled by 3D movies in your own living room with the 3D Max. The combination of the fast display and Active shutter glasses bring real life depth in Full HD resolution. Now all 2D content can be experienced in 3D and you can even control the depth of the 3D to your liking. Your TV is ready for the 3D Max

experience by adding the 3D Max glasses PTA516 and a 3D compatible BluRay player.

Moth Eye

Moth Eye is inspired by the perfection of natural evolution by using special nanostructures found in moth eyes helping them hide from predators, known as the most perfect anti-reflective surface. Those extraordinary properties extend the image contrast by deepening the blackness of dark tones, while increasing the lightness of bright elements without halos or reflections. Enjoy a true-to-life contrast with incredibly brilliant detail.

Full HD LED Pro

Full HD LED Pro delivers extreme contrast and the world's most vivid 3D images. Enjoy breathtaking pictures and use up to 50% less energy with Philips award winning LED Pro! In the thin display backlight, over 1000 LEDs generate the brightest white as well as the deepest black. Combined with the powerful

Perfect Pixel HD Engine, the result is a stunning picture with extreme contrast, sharpness and vibrant colors.

Smart TV

Smart TV for an easier & wireless TV experience in 4 areas. Net TV lets you enjoy a wealth of online apps on your TV: rent movies, watch catch-up TV and enjoy social media. Stay in Control: change channels or enter text using your Smartphone or tablet. Use SimplyShare to enjoy photos, music and video from your computer, phone & tablet on your TV. Watch your favorite Program whenever you want: our program guide helps you with Smart USB recording.

EISA

Best European 3D TV

This TV has been awarded the European Best 3D TV by EISA. 3D Max has flicker free full HD 3D performance. Adjust the depth of a native 3D picture in detail. Screen reflection is reduced with 'Moth Eye' filter and black is real black without loss of detail - what's more, the price is really attractive for such a top set.

Specifications
