Midwestern State's Mere Escobar Named Ron Lenz National Player of the Year; 2023 D2 CCA Men's Soccer All-America Teams Announced

COLUMBUS, Ohio - Midwestern State senior forward Mere Escobar headlines the 2023 Division II Conference Commissioners Association (D2CCA) edition of the Men's Soccer All-America Team as he was voted the Ron Lenz National Player of the Year.

Escobar, an Austin, Texas native, led the Mustangs to a 2023 NCAA D2 tournament third round appearance. Midwestern State finished the 2023 season with a program-best 20-1-1 record.

As the 2023 D2CCA South Central and Lone Star Conference Player and Forward of the Year, Escobar has seen his name in the top five of the Division II rankings in a number of categories. For the season, he is second with 47 points and tied for fourth in goals (17) and assists (13). He was second in game-winning goals with six and third in points per game, averaging 2.09 points per game. He scored in 19 of 22 games for the Mustangs.

In his career, Escobar is the Division II active career leader in points (112) and goals (44) while tied for fourth in assists (24).

Three of the members on the All-America First Team received their second career All-America honor as Escobar, Clayton State midfielder Geo Rios and Mercyhurst midfielder Dylan Sumner were Second Team a year ago.

A pair of Second Team honorees also gained their second career honor. Adolfo Martinez Paquet of Queens was on the Third Team last season while Shjon Andrews of CSU Pueblo found a spot on the 2022 First Team.

Franklin Pierce, Gannon and Midwestern State each had a group-high three All-America selections - Midwestern State were all on the First Team. Five different schools had two All-America selections each: Clayton State, Barry, Illinois Springfield, CSU Pueblo, and Cal State Los Angeles.

The Ron Lenz National Player of the Year award was named for long-time South Dakota State sports information director Ron Lenz in 2008. Lenz was instrumental in the foundation of the NCAA Division II All-America program, which honors outstanding student-athletes across eight NCAA Division II sports.

Sports information directors from NCAA Division II schools and conferences selected the three D2CCA All-America teams. The process begins at the regional level with all first-team all-region picks advancing to the national ballot. A total of 39 student-athletes representing 29 different institutions filled out the three teams. This is the 17th year that the teams have been selected since the All-America program in 2006.

The Division II Conference Commissioners Association encourages and promotes Division II athletics and high standards of sportsmanship as important elements of higher education. The CCA is a key communications link among the conferences as they discuss views, policies and regulations that impact Division II intercollegiate athletics and works closely with the NCAA as a communications channel to NCAA Division II member colleges and universities.
