INTERVIEW

Fabienne GERMOND,
Directrice du salon LUXE PACK Monaco

«As we have always done, and even more so in the current health situation, LUXE PACK MONACO means to support and accompany luxury brands and their packaging suppliers as best it can. This is why the next LUXE PACK MONACO, on 27, 28, and 29 September 2021 at the Grimaldi Forum, will be a key event supporting the recovery' explained Fabienne GERMOND, Director of the LUXE PACK Monaco trade show.»

INTERVIEW

In this different year, what have you heard from customers?

« We have been very attentive to our exhibitors (as well as to the luxury brands that come to the show) and heard that there was obviously a strong desire to meet up and share experiences of these extraordinary months. Nothing can replace physical meetings. First, because digital technology cannot replace the pleasure of seeing products in real life, of touching new materials, of feeling new formulae... Second, because professionals need to meet to share, build, make contacts, and implement projects meeting the requirements of the Luxury market.

After the success of our the EDITION SPECIALE by LUXE PACK show at the beginning of September, there is an irresistible urge to return to Monaco. Firstly to see the product innovations and also to network in a pleasant setting, far from the interiors in which we spent a lot of time this year! Everything that makes LUXE PACK Monaco different and charming. »

INTERVIEW

What can you tell us about the companies that have registered so far?

« There are over 450 exhibitors to date, including the usual suspects of Luxe Pack, of course, and 69 new exhibitors with various profiles including designers, manufacturers of wooden packs and experts in decoration finishing, 3D printing, leather pack, primary pack, and RFID solutions: SICPA, TRACETOO, ATT, OBERIEON, and ELUCEDA.

LUXE PACK Monaco's undisputed asset is that it presents international in luxury packaging leaders alongside small businesses mastering very specific expertise. The enthusiasm of exhibitors is very positive, and it proves that supply and demand need to meet. »

What safety measures are you going to implement?

LUXE PACK MONACO is committed to applying the strictest recommendations of the French and Monaco authorities and is working closely with the Grimaldi Forum to ensure the health safety of participants. We have already taken concrete steps to ensure a completely safe visiting experience. These may be supplemented, if necessary, according to government instructions. Read about all the measures [here](#)

INTERVIEW

What were the lessons learned from the hybrid edition last November with the My LUXE PACK digital platform?

« Nothing can replace physical events, but we have learned that digital technology can play a very interesting role for our community as it frees us from time and geographic limits and, therefore, allows us to bring together supply and demand all year round, all over the world.

Our [MY LUXE PACK](#) platform is positioned as an online extension of our physical shows. It offers participants the opportunity to prepare for their visit, to discover the full list of our exhibitors and their latest innovations, and to select the conferences they want to attend. For those who cannot travel, it also allows them to stay in touch with the current highlight through the distribution of content (webinars, conferences, etc.) and being able to contact suppliers at any time.

This platform will be available all year round, at the rate of our [five trade shows](#), and it allows the LUXE PACK community to stay connected and in constant contact with the latest trends. We finally have a place that reflects the variety of the LUXE PACK brand, present on three continents. »

HIGHLIGHTS OF THE 2021 EDITION

Three major business issues facing brands will be highlighted at LUXE PACK Monaco 2021:

Green, China, new materials

GREEN

LUXEPACK | INFINITY
in green GLOBAL
in partnership with

Ecodesign, green innovations and sustainable packaging: the whole industry is mobilizing to reduce its environmental impact and ensure ethical sourcing.

In just a few years, LUXE PACK in Green has become **the leading event** for promoting **the best solutions and responsible initiatives of our exhibitors.**

Exhibition space, dedicated conferences, awards ceremony are all tools that will be at your disposal to get a real barometer of international green trends.

[Learn more](#)

HIGHLIGHTS OF THE 2021 EDITION

CHINA

Brands have **burning questions about the Chinese market!**
China Key is here to give them the keys to this rich and unique territory.

Visitors will have access to :

- ✓ **Personalized support: THE RED BOX**, 1 individual consulting session with local experts awaits you!
[Register here](#)
- ✓ **An exhibition of unique items for the Chinese market**, among 5 categories of reference in the Chinese luxury sector: Make-up, Perfumery, Fine Grocery, Spirits and Wines.
- ✓ **An exclusive gift!** Pick up your copy of **100 REDS OF CHINA** : centdegrés, Lacoste and Frazier are offering you an inspirational book that will transport you directly to China.

Continue the China Key experience by joining us for an exceptional round table discussion:
Creative Keys to a New China - Monday 27 September at 2.45 pm Room Camille BLANC

[More information here](#)

HIGHLIGHTS OF THE 2021 EDITION

NEW MATERIALS

Discover **innovative materials from French research** in the field of packaging and luxury goods through the **CARATS (CARnot Appui Technique et Scientifique) network**.

A program developed by the Carnot Institutes (Ingénierie@Lyon, MICA and M.I.N.E.S.) on which more than **4,000 researchers** mobilising their know-how on "**exceptional**" and **prototypical shaping of new materials and processes**.

Meet researchers and industrialists of the CARATS network during a **conference gathering a panel of exceptional experts** as well as on a **dedicated animation area** during the 3 days of the show.

Corporate Social Responsibility approach

Through its “Making progress” approach, FEDRIGONI aims to engage as many employees, brands, printers, converters, and designers as possible in their effort towards sustainability. They value “inspiration above everything” in their mission to elevate creativity with specialty papers and self-adhesive materials.

BCorp® certification process, completed in May 2020 made ICMA the first European company in the paper and cardboard industry to achieve BCorp® status.
